According to the print out below they have 41,174.27 in unspent funding left. Of the 50,000 we have given them they have only spent 8,825.73, and I have no requests for invoice payment from Cincinnati pending. So I am not sure what John is referring to as far as running out of funding. Additionally I have not received a quarterly report from them for the quarter ending September 30, 2013 in order for me to see what they are doing. Please advise.

Marie,

John Schumacher at USGS mentioned that they are about through the money we initially put on our West Lake IAG with them. How do we go about putting more money on this IAG? He has not yet given me a dollar figure for additional funds; don't know if he should suggest it or we should determine the amount.

Thanks,
